**Re.: EL MOJ COMPANY for Mechanical Industries.  
Provision of Workshop Services for API & Premium Connections, Manufacture &  
Repair of Corrosion resistant Alloy Casing, Tubing & X-Mass Tree On Call out Basis.**

El Moj Company has been our main suppliers for more that 12 Years, from 2001, first as FAST SRL then with a new company name El Moj Co. for Mechanical Industries providing the following Services:

1. Workshop Services for API5, API7A, and Premium Connections in Carbon Steel Materials and Corrosion Resistance Alloy (CRA) Materials. Manufacture and repair Casing, Tubing, Drill Pipes, Drill Collars and Miscellaneous.
2. Inspection Threads and full body of Casing, Tubing, Rotary drilling Equipment, providing the complete refurbishment cycle following the Licences Procedures.
3. Tubular pipe management services with Open Storage Area Pipe Yard for Casing, Tubing, Drill pipes, Ancillary materials.
4. Ware House management services Covered Storage Area for Down Hole Completion Equipment, Well Heads and XMT.
5. Licences available for API Threads, TENARIS sole Qualified Licensee Threads, and currently in process to obtain the Vallourec / Sumitomo Threads.

In conclusion, El Moj performance resulted in facts at very good quality level.

They are recommended as first class Oil Service provider.

We take opportunity to thank El Moj, specially the Staff for professionalism, the wide experience, high judgment and advice on duty during the whole period they had worked with us. Their positive cooperation and support we had received during the time we work together, resulted in overcoming of equipment operations difficulties, succeeding in helping of executing our project.

I wish El Moj Staff all the best for future activity.
